

Join the **Center for Predictive Human Model Systems**

(CPHMS, AIC - CCMB)

for a webinar on

'Developing Human Relevant Research in India' Part 4

Understanding Cancer using Microphysiological Systems

Speakers

Dr. Tuli Dey

Assistant Professor, SPPU, Pune

Tumor metastasis: 3D and
beyond

Nandini Dhiman

PhD Student, IITH - STU

Embedded lung tumor spheroids in
a PDMS microfluidic chip for
testing novel anticancer therapies
